## Episode 27 What Tools Are in Your Toolbox?

### Fleck Tools

5600

- Six Way Screwdriver
- P/N 13759 to remove the flow control or needle nose pliers

2510, 2900, 2850

- P/N 11098 Stuffer Upper 1500/2510/2750/2850
- P/N 12683 Stuffer 2900 Lower/3150-3900 Upper
- P/N 16516 Stuffer 2850/9500
- P/N 12682 Puller 2900/3150 Lower
- P/N 13061 Puller 1500/2900
- P/N 17623 Puller 2850

No puller/stuffer tools required for the 2815 valve

Tip – 2850 consider replacing brass spacer kit with plastic P/N 60129-20

Tip - some rather than buy the puller some technicians use a modified coat hanger, bend it on a hook and pull.

### Clack Tools

- P/N 3193-02 Service Wrench for residential valves
- P/N D1301 Distributor Hold Down Clamp
- P/N D1303 Tool to remove the hold down clamp
- 7/32" T-handle Allen Wrench for commercial valves

### AqMatic (formerly AquaMatic Valves)

- Specialized tools are available to work on these diaphragm valves call for information
